## Introduction:

Duna is an international college in Budapest, Hungary in the heart of Europe, founded in 2010. The College was established and operates in association with prominent university professors from Hungarian state universities. Duna College runs preparatory programs for the applicants who wish to continue their studies at our partner universities in Hungary, Slovakia, the Czech Republic, Italy, the UK, the USA and Canada in 2 different pathways called DRC and TRC.

Our campus is located in Budapest; which is one of the most beautiful capitals of Europe. The College welcomes students from all around the world. This international campus was established to create a difference and comprehensiveness in education and training. Hundreds of students come to Hungary to study in different fields every year. These students have different academic backgrounds and our college provides preparatory courses to prepare these applicants for their future studies and to equip them with new academic disciplines. Applicants who join our training programs will have the opportunity to get accepted into different universities.

The aim of our training is not just only to prepare applicants to pass their entrance exams and get accepted to their chosen universities, but we also wish to form an accurate picture in students about the path to success and progress in life. We provide a wide range of possibilities in higher education along with new trends in teaching and learning. These are the fundamental principles of our training plan and educational structure.

## 1. Pre-Medical course

Duna International College offers a Pre-Medical course, which provides a thorough preparation in Science. The subjects and the lessons in Pre-medical course are:

- Biology
- Physiology & Anatomy
- Chemistry
- Medical Terminology
- English Language (Grammar, Conversation)

After finishing this course, the chance of being accepted to the preferred university is very high.

### Appropriate for students who wish to apply for:

- Medicine
- Dentistry
- Pharmacy
- Veterinary
- Physiotherapy
- Midwifery
- Biology

## PROGRAMS & THEIR SUBJECTS:

### 2. Pre-Engineering

Since the required subjects of a university entrance exam are considered rather difficult, the Pre-Engineering course at Duna International College can be very helpful. The subjects and the lessons in Pre-engineering course are:

- Mathematics
- Physics
- IT
- English Language  
(Grammar, Conversation, Business English)

It does not only help its students in getting accepted by their desired universities, but also helps students throughout their studies, since it provides a steady base for them from the newly acquired knowledge.

**Appropriate for applicants to apply for Pure Science and Engineering studies in:**

- Civil Engineering
- Mechanical Engineering
- Architecture
- Chemical Technology and Biotechnology
- Electrical Engineering
- Computer & IT
- Mechatronics
- Industrial Design

### 3. Pre-Economic

By applying to the Pre-Economics course of Duna International College, the students receive a basic knowledge related to business. The subjects and the lessons in Pre-engineering course are:

- Mathematics
- Management and Marketing
- IT
- General English (Grammar, Conversation)
- Business English

These disciplines can help the application to Higher Education Institutes in Hungary, furthermore they can come handy in understanding the background of our daily actions (for example from shopping to having mortgages) better.

**Appropriate for students who wish to apply for:**

- Business
- Management
- Language Studies
- Tourism

PROGRAMS &  
THEIR SUBJECTS:

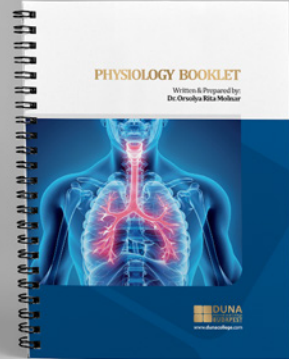

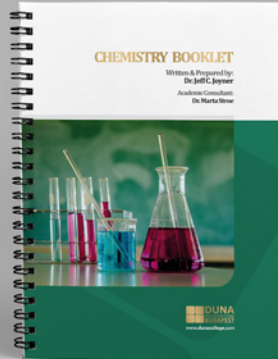

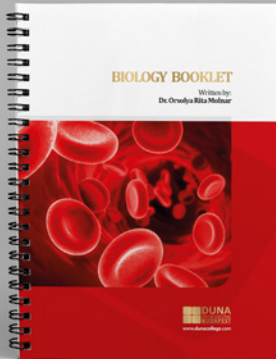

#### 4. Pre-Masters & Pre-PhD

Duna International College can help those who wish to study away from home and have a desire to make their studies more adventurous by experiencing new situations, a new way of life and a new culture. This program is appropriate for all postgraduate applicants in order to improve their teamwork and management skills along with their fundamental knowledge in Science.

**The subjects and the lessons in these courses are:**

- Marketing Management
- General English Language
- Business English
- IT

## STUDY RESOURCES

## DUNA COLLEGE STUDY RESOURCES:

Our booklets are the admirable results of the endeavors of our teachers who are expert professors/researchers at reputed universities. They function as the main guidance and helping tool for our students to get well prepared for their university entrance exams.

These booklets are one of the bests among Pre-medical ones in Europe and are adopted by many students in Hungary.

Helpers and student guides act quite independently of Duna College and the College acts only as a mediator between students and them.

Student services include the following items within 7 business days:

- Welcome at the Airport
- Check in at the Hotel
- Enrollment at the College
- Mobile Phone Subscription
- Assisting to find an Accommodation & Dining (Visiting 5 rental properties)
- Residence Permit Card Collection & Address Registration
- Opening a Bank Account

### Accommodation

Upon arrival students will be accommodated at a hotel and then they can choose to stay at the hotel as their dormitory for a long term or rent their own apartments.

There is a canteen right next to Duna College Campus which is a great opportunity for our students to have their meals with variety of fresh dishes in reasonable prices.
